

MOBILE FOLDING STAGE

Concertina Stage by Hussey Seating Company

The Concertina Stage is a professional quality stage solution that sets up in a fraction of the time of traditional frame and panel staging.

No more back-breaking labor for a large crew setting up frames and heavy panels for hours. With the Concertina, one person opens the stage in a few minutes with just the push of a button. The rechargeable power pack means no electrical set-up required, and you can use your portable unit almost anywhere.
